Phase 2 Pilot Partners

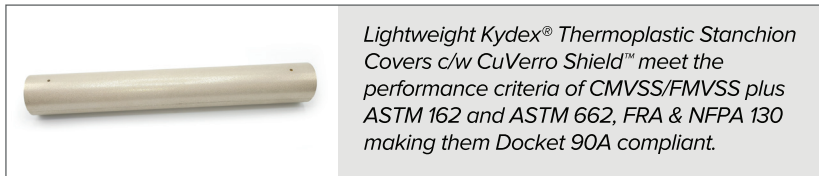

Starts killing bacteria* on contact

Designed with electric vehicles and sustainability in mind, added weight measured in grams

Choose Aereus for the 24/7 antimicrobial* bacteria-fighting solution that lasts a lifetime

Make your products permanently antimicrobial with CuVerro Shield™. This advanced, antimicrobial copper solid layer creates surfaces with 24/7 bacteria protection given normal periodic cleaning. High touch surfaces in an aesthetically appealing nickel tone finish for both rigid thermoplastic (Kydex®) and all metal surfaces.

Lightweight Kydex® Thermoplastic Stanchion Covers c/w CuVerro Shield™ meet the performance criteria of CMVSS/FMVSS plus ASTM 162 and ASTM 662, FRA & NFPA 130 making them Docket 90A compliant.

Antimicrobial copper never wears out

Continuously kills 99.9% of bacteria*

Registered with US EPA and Health Canada PMRA to make Health Claims

Does not use harmful chemicals

Antimicrobial Copper For **LIFE!**
